## FORENSIC ANALYSIS SUMMARY

The sixth analysis — the third part of an informal video trilogy — examined the proposition that coordinated suppression generates its own exposure: the more institutions invest in concealing a documented record, the more that record's existence is confirmed by the concealment itself. Ten propositions extracted, ten corroborated. The analysis confirmed the archive's international distribution — 350,000+ downloads across six continents — as documentary evidence that the suppression model had inverted. The archive was not circulating despite institutional resistance. It was circulating because of it. Each refusal to engage, each blocked complaint pathway, each refused FOI request constitutes a documented data point in the suppression map. Now everybody knows.

- Five named primary perpetrators: Bill Shorten, Houd Meraby, Sukhi Tear, Tony Ridley, Stefan Iasonidis
