FORENSIC ANALYSIS SUMMARY

The fifteenth consecutive perfect score. The video examined the proposition that survival, in this context, was not the conclusion but the warning — that every institutional weapon deployed had backfired, every clinical label had become evidentiary, every forced exile had produced depth rather than silence. Ten propositions corroborated. The analysis confirmed that the arc of the archive is not a victim narrative. It is a warning: a documented record of what happens to institutional actors when the subject they target survives, documents everything, and submits it to international accountability bodies. The survival was not the victory. It was the forecast.
