FORENSIC ANALYSIS SUMMARY

The twelfth consecutive perfect score. The video — "Fearless People Don't Announce Themselves" — examined the documented difference between performed boldness and forged steadiness under institutional pressure. All ten propositions directly corroborated. The analysis confirmed the archive's methodological distinction between fabricated and documented evidence: the archive does not announce itself through rhetorical assertion. It presents primary-source documents. The fearlessness is not a posture. It is a structural property of a record assembled under conditions that would have silenced most subjects permanently.
