FORENSIC ANALYSIS SUMMARY

The twenty-ninth consecutive perfect score. The analysis examined the temporal proposition: that the consequences now arriving in the documented record — international distribution, ICC jurisdiction, UNHCR engagement, 350,000+ downloads — did not announce themselves to the institutional actors who created the conditions for them. Ten propositions corroborated. The future arrived without announcement. The archive was always its vehicle. The institutions that suppressed the record created the conditions under which the record's international reach became inevitable. The future doesn't announce itself. It documents itself.
